The Howes Tract.

Worth Reading.

A Splendid Piece of Property Placed on the Market.

THE

Southern California Land Co.

AGAIN TO THE FORE.

THE HOWES TRACT, on Jefferson street, including the handsome home residence and charming grounds of F. C. Howes, Esq., Cashier of Los Angeles National Bank, to be subdivided into 375 large lots (one-fifth of an acre each), with nine beautiful residences, including the large cottage of 10 rooms of Mr. Howes, graded streets, etc., to be sold on the homestead plan at $190 per lot, in payments of $10 monthly, without interest, with first payment of $30.

The great success of the Southern California Land Company (Baker Block) with the Childs Tract, Urmston Tract, City Center Tract, Williamson Tract, Eleventh-street Block and Columbia Colony has been owing to the wonderfully low rates at which this popular company has placed first-class, well-located property before the public.

It is refreshing to note in the midst of the boom in real estate, that one reliable firm not only gives to the people homestead lots at about one-third the prices charged by others, but also performs all its promises to the letter, in the building of houses, opening out of streets, putting up electric lights and extending the improvements of our city to its farthest legitimate bounds.

The maps of the Howes Tract will not be ready for some days; but in the meantime all will be bustle and activity on this beautiful property; surveyors will be laying off streets and avenues, builders will be placing houses and pushing forward at once all the improvements promised, and the tract, now almost all covered with vines, orange trees and splendid foliage, will put on a metropolitan look and keep up with its beautiful surroundings of costly buildings and cottage residences.

The Howes Tract fronts on Jefferson street, west of Vermont avenue. The location is a very popular one, in the direct line of the city's rapid growth, and will soon be reached by lines of street railroad and the motor road on the west.

It was not intended to open the books for this fine property until the 5th of November, but the fact that it was to be placed on the market having become known, an instant demand sprang up, and names are coming in so rapidly that the sales may all be made before even the maps, plans, etc., are ready for the public. The large salesroom of the SOUTHERN CALIFORNIA LAND COMPANY, 244 North Main street, Baker block, is filled every evening with subscribers until a late hour.

$190 per lot is not one-third the price of outlying lots in Pasadena or the rocky canyons around it, and not one-fourth the rate of the farthest subdivision of unmarketable tracts in East Los Angeles.

Fire This Morning.

At a quarter past 3 this morning the patrol noticed smoke issuing from the second story windows of 119 North Spring street. He immediately rang the fire alarm and blew his whistle. In a few moments a blaze mounted to view from a wooden stairway in the rear of the building, and almost simultaneously a fire engine put in its appearance. The hose was led around in the rear through New High street, and the incipient conflagration was soon extinguished. The fire was in the rear of Porter & Stein's cigar store and seemed to come from the basement. The damage from smoke and water must have been considerable.

EARTHQUAKE MAPS.—A catalogue of all the earthquakes ever recorded in the British Isles was some time ago compiled by Prof. J. P. O'Reilly, of Dublin, to serve as a basis for an earthquake map of the country. The author has now extended his work so as to include the whole of Europe. Such maps will prove of great interest, although the deficiencies in the records must make them very incomplete and imperfect. In this connection it is remarked that earthquakes may be broadly distributed, according to their kind, into two systems, now coalescing, now independent of each other. The explosive species follow volcanoes along sea-coasts, the mechanical sort are associated with mountain ranges; all attend lines of weakness, and are more or less closely associated with the shrinkage by cooling of the terrestial crust. Thus every volcanic region is liable to earthquakes; though there are earth-shaken districts which are not volcanic.

To Fill Positions in the New Judicial District.

A Chapter of Infamy from San Francisco—Gerolmo's Train Ditched on Its Way to Florida—A Savage Stevedore's Work—General News Gleanings.

SAN FRANCISCO, Oct. 25.—[By the Western Associated Press.] The Examiner's Washington special says: The President had before him to-day the applications of different candidates with their accompanying petitions and indorsements for the offices of United States judge, attorney and marshal for the recently created judicial district of Southern California. The entire list of candidates to date is as follows: For judge, John D. Bicknell, George H. Smith and Albert M. Stephens, of Los Angeles; James B. Campbell and L. Fulton, of Fresno; and William C. Wallace of Napa; for attorney, Weed B. Cheif, James A. Dupuy, George J. Denis, Shirley C. Ward and J. Marion Brooks. Los Angeles furnishes all the candidates for marshal, as follows: Nicholas A. Covarrubias, Thomas P. Cuddy and Sidney Lacy. The President and Attorney General discussed the matter at some length to-day, and the conclusion reached was that it would be better to defer making the appointments until the reassembling of Congress, and send in all the names at one time. The President said that they would probably be among the first nominations sent to the Senate.

A Schoolboy Kills a Rival.

LOUISVILLE, Oct. 25.—The Courier-Journal's special says: Alex. Hoard and John Paxton, schoolboys and rivals in love, stood in a store at New Pankfort, Ind., yesterday. Their sweethearts, Miss Tinnie Hollis, passed by going to school. Hoard threw a kiss to her and Paxton, enraged, knocked him in the head with a stick, fracturing his skull, and then stamped him to death. Paxton seemed a madman, and foamed at the mouth, and before he could be captured rushed to the woods waving his hands and shrieking. Hoard will die. Both are sons of prominent farmers of Scott county. Great excitement prevails. The young lady remains by the bedside of her dying lover.

A Savage Stevedore.

TACOMA, W. T., Oct. 25.—Robert Henry, a longshoreman, was shot in the back and badly wounded on board the British bark Persia this afternoon. John Soider, foreman for Stevedore Dellon of Port Townsend, did the shooting. He also beat another man badly with a belaying pin. There is a lockout at the Tacoma mill among the longshoremen of Old Tacoma, who have a co-operative longshoremen's union. The two injured men came from Port Townsend, and after working two days were induced to quit by the union men. When they went aboard the ship to-day to get their money Soider attacked them, both, and badly beat one and shot the other. He has been arrested.

The Coffee Market Excited.

NEW YORK, Oct. 25.—The Telegram says: The Importers' and Grocers' Exchange to-day was the scene of much excitement on account of the unsettled condition of the coffee market. The sharp upward turn in prices which took place on Saturday caused fears of a disaster to many dealers. Operations were heavy and there was a desperate struggle between bulls and bears, strong efforts being made to break the corner. It was reported that European speculators had purchased over 100,000 bags of Rio.

The Vancouver Fisheries.

VICTORIA, B. C., Oct. 25.—The schooner Pathfinder, having on board the Dominion government's expedition sent to the west coast of Vancouver island to investigate the fishing banks, returned to-day. They report the existence of large banks of black cod, herring, catfish, cachera, etc., and in one location the real cod; Gadus. This will probably lead to a large development of the fisheries. The black cod is found in deep water five and six miles from shore.

PETALUMA, Oct. 25.—A. Koch, who was arrested on the charge of horse-stealing, as one of the persons who ran off sixteen of Bibler's horses last July has been discharged. Jolce tried to force Guilfoils to charge Koch with theft, but he refused and asked to plead guilty, and finally gave the whole transaction away to the officers, clearing Koch and charging Jolce as his only confederate. They are held in $2500.

PAUL, Minn., Oct. 25.—A Winnipeg special says: "News has just been received here that the brigantine Commodore Owen, belonging to the Hudson Bay Company, was wrecked near Fort Churchill, August 30th, with her cargo. Novel Method of Suicide.

DETROIT, Oct. 25.—A Burlington special to the Free Press says: A strange suicide occurred on the farm of William Kidney near here late last night. J. Wilcox, aged 60, waited until the other members of the family had retired, and then stepped outside the door and exploded a dynamite cartridge under his arm. A Child-wife Supporting Self and Husband by Infamy.

SAN FRANCISCO, Oct. 25.—[By the Western Associated Press.] A girl, fifteen years old, was arrested this afternoon on a charge of vagrancy. VANDEVER.

His Soldier-Statesman Introduced at San Diego.

Upon the occasion of Gen. Vandever's recent speech in San Diego, he was introduced to his large and enthusiastic audience by the chairman, A. T. Large, in the following handsome speech:

"Ladies and gentlemen and fellow-citizens: In presiding over this meeting there is little else for me to do than to introduce to you the gentlemen who are to address you. I have the honor and pleasure to present to you a gentleman who has served the country and people, both as a statesman and a soldier; who has served you, not only in the halls of legislation, but upon the field of battle; a gentleman who has served one term in Congress from the State of Iowa, and was re-elected by a largely increased majority, and resigned to enter the army as colonel of the Ninth Iowa Infantry; who was promoted to the rank of major general for his own gallantry and ability as an officer; who served with distinction in the armies of the West, in Missouri, Arkansas, Kentucky and Tennessee; whose message it was that was signaled to Allatoona, from the heights of Kneasw Mountain, 'Hold the fort, for I am coming;' a gentlemen who possesses the ability and experience to worthily represent this growing section in the halls of Congress; who has received the nomination of the Republicans of the Sixth California District, as worthy to fill the position so honorably held by that other soldier and statesman, Colonel Markham—General William Vandever."

General Vandever was greeted with hearty favor as he rose to speak.

His winnings thus far this season are between $98,000 and $100,000, which, considering the small number of horses owned by him in comparison with the big stables owned by the Dwyers and other breeders, is a remarkably fine showing for California stock.

SUDDEN DEATH OF THE WIDOW OF A. T. STEWART.

Preparations for Unveiling Bartholdi's Statue of Liberty—Arrival of Delegates Sent by France to Represent Her at the Ceremonies—Notes from San Francisco.

By telegraph to THE TIMES.]

NEW YORK, Oct. 25.—[By the Western Associated Press.] Mrs. Cornelia M. Stewart, widow of the late millionaire dry goods merchant A. T. Stewart, died suddenly this morning at her residence on Thirty-fourth street and Fifth avenue.

NEW YORK, Oct. 25.—Mrs. Stewart died at 10 o'clock of congestion of the lungs and heart trouble. On Friday she took dinner with Mrs. Henry Hilton, and on her way home contracted a heavy cold. On Saturday she was so ill that she was compelled to go to bed, and Dr. Milner was sent for. Yesterday Mrs. Stewart grew worse and Dr. Milner remained all night. At half-past 9 o'clock this morning ex-Judge Horace Russell called at the Stewart mansion, and was informed that, although Mrs. Stewart had spent a restless night, she was feeling better and was able to sit up in bed without any great effort. At a few minutes after 10 o'clock Judge Russell was surprised to learn from a messenger that Mrs. Stewart was dead.

SAN FRANCISCO.

Stray Gleanings from the Metropolis of the Pacific Coast.

SAN FRANCISCO, Oct. 25.—[By the Western Associated Press.] United States Commissioner Sawyer has dismissed the charges preferred by Collector Hager against W. J. Bryan, superintendent of the Occidental and Oriental Steamship Company and Capt. J. Pearne, of the steamer Gaelic. A few months ago Collector Hager issued an order forbidding any one from going on board the China steamers until every Chinaman had been landed or transferred. The Gaelic arrived on September 15th and seven days afterward Bryan took three Chinamen on board in defiance of the order. The Commissioner decided that the Collector is not justified in applying the order so long after the arrival of a steamer. He also showed that Capt. Bryan had merely taken them on board to look at their quarters.

MILLIONAIRE MURPHY'S ESTATE.

Judge Coffey to-day gave a decision upon the matters involved in the contest between the heirs of the late millionaire, Daniel T. Murphy. The heirs objected to the report of the executor, Adam Grant, in which he put in his claim for statutory fees as executor, alleging that he had agreed to perform service gratis. The court finds that the executor has not waived or renounced his commissions, and that he is entitled to them, the amount to be ascertained hereafter. The executor is chargeable with interest on the money withdrawn from the capital account of Murphy, Grant & Co., which has been lying idle on deposit in the bank of Donahue, Kelly & Co. The Judge also decided that all expenditures in fitting up the store in the Murphy building for the occupancy of Murphy, Grant & Co., in excess of $12,000, should be disallowed. The lease of the new Murphy building to O'Brien for ten years was confirmed.

JUSTIFIABLE HOMICIDE.

The charge of murder against Capt. John J. Ellis was dismissed in the Police Court this morning, the Judge holding that it was a case of justifiable homicide. Ellis was arraigned for killing Samuel Collymore, a colored sailor on board the British bark Buteshire during a mutiny on Friday evening last.

"Hello! Old Fellow! What have you been doing to yourself? You look like a subject for the undertaker," exclaimed the man on the right.

SWIFT'S SPECIFIC.

Nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians, who inhabited a certain portion of Georgia, which was communicated to one of the early settlers, and thus the formula has been handed down to the present day. The demand has been increasing until a $100,000 laboratory is now necessarily to supply the trade. A foreign demand has been created, and enlarged facilities will be necessary to meet it. This great

PLATFORM OF THE AMERICAN PARTY, Adopted at the State Convention held at Fresno, September 29, 1886.

1. We reiterate and endorse the doctrines promulgated by the Executive Committee of the American Party.

2. Believing that Americans should rule America, we favor the education of American youths, boys and girls, as artisans and mechanics, to fill the place of foreigners who now have nearly the exclusive control of all the great industries of our country, save agriculture alone.

3. Reason in politics is the outgrowth of foreign influence. We condemn it, and declare that the American Party has not and shall not have license.

4. The waters of the State belong to the lands they will irrigate; and we favor a broad and comprehensive system of irrigation to the exclusion of the so-called rights of riparian and appropriation. A system controlled by the Government, free to all, under the control of no class of persons, and established and maintained by a revenue derived from those only whom the system will benefit.

5. We believe in equal taxation, and to accomplish that desirable reform, we favor the reduction of taxes on the real estate of the cultivator of the soil, and the laying of additional burdens on the luxuries.

6. We would foster and encourage American industries, and to that end would protect home production and manufactures, and inaugurate and maintain a system that would not only exclude the cheap labor productions of other countries, but would also exclude the cheap laborers of all other countries, and prevent them from coming here to compete with Americans.

7. We believe that American free schools are indispensible supports to liberty; that reason and experience both teach us that national existence depends upon the influence of liberal and refined education.

HORACE BELL.

LETTER OF INQUIRY ON MILITARY RECORD.

Horace Bell, a Modern Don Quixote—Ranger—In Nicaragua with Walker—Desertion—Quartermaster-Sergeant—Scout—Ever a Private—Some Questions Plainly Asked.

HORACE BELL.: I first noticed a few years ago in a Republican Old Union Hall, where after finishing the platform and speech with your arms much like the sails of the windmill upon which Don Quixote made his foolish charge prating about "honesty," "purity," "clean records," etc., I concluded from your remarks that you were a paragon of virtue and when the caucus paid such a tribute to your remarks, I further concluded that it must be another case of light shining in darkness and the darkness not comprehending it not."

Your attacks on Captain A. Mellus, a Grand Army comrade, cause me to inquire who you are, and how you obtained the titles you wear? Captain Thornton Mellus, a soldier, is a respected citizen, is believed by all of his comrades who know him, and has not earned by that title and men's souls.

Now, in view with the fact of the publication of which some think would have justly called the "Polecat"), Walker, and also in the contemporaries that you by the title of "Major" by which you not only wish to be addressed, but so much so that you pretend to be a little touchy over these pieces of paper, the pillows of beds of ease, and any whitewashings or additions which do not suit you. If you are not, nor entitled to the military which consistency demands that you lay it aside, otherwise you will from you to the great fair vanity.

Remember that some two years has and outcry was made by many "colonels" and "promoted" since the facts were explained. Then chopped off the vanity-tickling, egotism-even if they did all and sign one cent each to put up in the postoffice. "Never go backward," this is the pruning of all unions and partakes of the revolutionary fathers, who had any title of nobility by them. You claim to have been of war, and have publicly you were in the first and last of rebellion, and have been people of Los Angeles as "soldier." I now propose those claims and see by you pose as a military hero.

HEAR THE RANGER.

Walker's company of rangers was organized in Los Angeles, of which you were a member. You are credited with being a private. I have nowhere seen it stated being a commissioned officer.

The history committee of the Los Angeles Centennial celebration, in their report, did not deem you as worthy of sufficient notice to be inscribed in their annals, and it is presumed that to supply this apparent omission you wrote the history of a Ranger," in which you have. The fact that you refer therein to ridicule the action that committee seems to confirm. Four years a ranger, you appear as

HEAR THE FILIBUSTER.

Closing up your military career it is necessary to mention the book that took you to San Francisco and the pledges made by your comrade Bell, to the Vigilance Committee of this city that he would be faithful for your continued absence. I have me a copy of "Walker's War," containing an account of Walker's first campaign in Nicaragua. I have carefully read through, and I have failed to find therein. There is a list of killed and wounded, a roster of names of the "gray-eyed man of destiny," but not the name of Horace Bell.

It occurred, however, that in another part of the book, which I have been unable to obtain, Walker made very grave accusations against the bravery, and even accuses Bell, in the heat of battle, of deserting to the rear, belonging to the band of deserting to a place of safety. If there are men living in this city who can step on the spot and make affirmations. The facts were published in the Daily Commercial in 1856, and if I remember right, a book you about six weeks in order to sell your side of the story. I can procure that edition of the paper and see that the public shall know which they are entitled to credit.

QUARTERMASTER-SERGEANT BELL.

You state before, I am in this letter to refer to your military record; so I will give several episodes, including one in which you figured conspicuously here, in Southern Indiana and Northern Kentucky during the period of the filibustering in Nicaragua and the breaking out of the rebellion.

You mustered into the Sixth Indiana Infantry April 27, 1861. The regiment was discharged August 2, 1861. You were in service a little over three months. You have said you were in the first battle of the war. Perhaps you were in the rear, where the "hard tack and sowbelly" were not a fighting diet. You were a quartermaster-sergeant.

TELL THE SCOUT.

Your three months' service in the army seems to have been repugnant to your independent manhood, and instead of re-enlisting, you were a hanger-on in the army, at least up to the battle of Shiloh, where you were seen in the rear, nearly frightened to death, but calling yourself a scout. There is no particular act of notoriety on your part known to any person, except when your reputation for bravery suffered considerably by allowing a scout named Carpenter to drive you out of the camp of the Twenty-third Indiana Infantry, the circumstances of which as related are inclined to the ludicrous. It appears that you made threats against Carpenter, and when you attempted to carry them into execution you found that you had made a blunder and had mistaken your man. It is possible that the rapidity of your horse and the darkness, together with the friendly intervention of some trees, spared your life. Had it been otherwise, your sheet would never have lived to cause pain in the hearts of innocent children and bring scalding tears to the eyelids of pure women.

A MILITARY MUGWUMP.

I had forgotten a little incident in your military career that so well illustrates your character. I refer to the time when you were parading the streets of Indianapolis with a colonel's shoulder-straps on your uniform. On being accosted by a detective to know why you wore the insignia of a rank to which you were not entitled, you blustered out the reply that "By God, I have applied to Governor Morton for a colonel's commission, and if I don't get it I am going into the Southern Confederacy."

STILL A PRIVATE.

When you attended the Grand Army celebration in San Francisco last August, you registered as "Horace Bell, Company B, Second Louisiana Cavalry." Why was it that previous to this time you had always given your regiment in the Grand Army register as the Sixth Indiana Volunteer Infantry, and previous to Col. Godfrey's death never claimed you were a member of the Second Louisiana Cavalry?

I took the trouble to look at the official record to see if I could find "Horace Bell." Alas! while I found the honored name of John F. Godfrey, I could not find yours.

The Second Louisana Cavalry was in service ten months from November 25th, 1863, and was then consolidated with the First Regiment, and nowhere does your name appear.

Your total service in the army then was three months. The only office you held was quartermaster sergeant. How hollow, then, are your pretensions to the rank of major or even of a soldier. You have no right to a title according to present evidence; and yet you wear this fraud with pleasing grace to yourself and those who are ignorant of your life.

If you desire to answer this, give the engagements you were in, the company and regiment in which you served at the time, and the officers in command, for it will take proof other than your assertion that you ever smelt powder, or heard the whiz of a bullet in any engagement of the war, for a man who would steal a title and assume it falsely cannot be trusted in other things.

HONEST, SOUND ADVICE.

TO PERSONS SEEKING HOMES IN SOUTHERN CALIFORNIA,

.....GO TO.....

The Great San Jacinto Valley

IN SAN DIEGO COUNTY.

AREA, 15 MILES SQUARE.

Eighty-five miles east of Los Angeles, twelve miles south of Beaumont (formerly San Gorgonio), on the S. P. R. R., sixteen miles east of Perris, on the C. S. R. R., and daily stages to and from these points; climate genial and dry—being fifty miles from the coast. Throat, lung, asthama and catarrh troubles are benefitted, and many chronic cases are permanently cured. Productive land ranging in price from $25 to $100 per acre, for fruit, agriculture, grazing, etc. Alfalfa cut five to seven times a year there. The orange, lemon, fig, apricot, peach, grapes and other kinds of fruit grown in Southern California are produced here.

2000 ACRES OF HEAVY TIMBER FOR FUEL,

Which is sold from $1 to $3 a cord. An abundant supply of pine, cedar, spruce, oak, etc., on the adjacent mountains. Two saw-mills (capacity 30,000 feet daily); 1 planing-mill; 1 fruit box factory; 2 brick yards (2,500,000 burnt and laid up here in two years), price per thousand last season, $6 and $7. First-class lime stone in an unlimited quantity.

EIGHTY-TWO ARTESIAN WELLS,

One of which flows 1,000,000 gallons ever twenty-four hours. River water is being conveyed in iron pipes to a 2500-acre tract of mesa land, suitable for most all semi-tropical fruits.

TWO HOT SPRINGS,

The curative properties of which are famous, and the baths are free to everybody.

A PROPOSITION FOR BUILDING A RAILROAD

Is now before the people. Railroad surveys are on foot. Artesian water is conducted through the streets in iron pipes, and into second stories of buildings.

A $12,000 BRICK SCHOOL HOUSE,

Graded schools, churches, brick blocks. This place has made, as we believe, the greatest growth of any place in Southern California, and has made the most improvements of any new colony in California in the last three years. Its altitude is 1400 feet above the sea. The population in 1883 was fifty persons, and in 1886 is about twelve hundred. No other valley in Southern California has so many advantages. Come and see for yourself and be convinced of this fact.

☞ We, the undersigned citizens, agree and guarantee to pay the expenses of any person or persons from any point in California to San Jacinto and return, if everything in the above statement is not true:

Voting as they Pray.

The Boston Journal publishes a letter from the Rev. Wm. M. Thayer, the well-known temperance leader, who undertakes to answer the inquiry of a third party friend as to his reason for voting for Republican rather than third-party candidates. The reasons appear to us to be very good ones indeed, and we are inclined to think that most practical temperance men will no consider them. The actual results of some third-party voting, in accomplishing the defeat of the very purpose which third-party leaders profess to have at heart, are accurately and graphically set forth by Mr. Thayer. He makes a pretty good point upon the third-party men by turning upon them their own favorite injunction that men should "vote as they pray," and outlines the prayers which they should offer, if they were to make their praying and their voting harmonious. In those States were the Republican party is distinctly committed to the submission of a prohibitory amendment, temperance men would offer a sorry display of inconsistency if they were to help to defeat the Republican candidates and to elect Democrats who stand upon a platform framed to suit the saloon interests.

The conclusion cannot be averted that this question is destined to loom up—is, in fact, looming up—as the important one of the future, and the attitude of parties towards it will have much to do with their success or failure within the next decade.

The Market for Grapes.

"From whence do all the grapes come, and whither do they go?" was asked Mr. Palmer, a wholesale New York fruit dealer. Said he:

"They come from the Mediterranean, from California, from Central New York and elsewhere; and New York is the great distributing center for not only the Eastern States, but also all the leading cities of the South. The market would seem to be glutted, but this is not so, and choice stock is moving freely and at remunerative prices. The purple Tokay from sunny California has the preference and selisht from 10 to 12 cents a pound; the delicate Muscatel ranges from $3.50 to $4.50 a case, and black Ferrara about the same. The staple Almeria from the Mediterranean is plenty and sells for about 8 cents a pound. White Niagaras bring about 10 cents, Delawares 7 cents, and Concords from 3 to 4 cents."

After imparting this information Mr. Palmer added:

"The competition in express rates and rapid steam transportation, both by land and water, afford facilities for landing grapes at the doors of all the principal markets of the South. The cheap express rates have also given great advantage to the Western New York growers, who can now place their fruit in our market at low rates. The shipping season is prolonged nowadays by the custom of placing in cold storage the largest share of the crops of some of the heaviest growers on the Hudson river, thereby having a capacity for holding 100 tons. The product of a good vineyard, which averages from two and a half to four tons to the acre, according to the variety, pays the farmer, even at a fair price, better than anything he can produce in the way of a general crop."

New York is thus shown to be a great distributing center for the products of the vine.

THE Oakland Tribune says: "At the end of the campaign which has almost closed, Mr. Swift politically survives every attack that has been made on him. Personally he is far stronger than he was before he was attacked. He was well known, but now he is better known. Men of the Examiner kind know that to be a worker in tinware is not a disgrace in the eyes of the people of this State. To sell vegetables is an honorable vocation which the Democrats have derided. The man who raises vegetables and he who sells them should vote for John F. Swift, if only as a rebuke to the Democratic critics." Mr. Swift has lost nothing, on the whole round, since the hour he received the nomination.

OPPOSING the election of George Hearst to the United States Senate, the Sacramento Bee says: "One of the duties devolving upon the next Legislature will be to elect a United States Senator. There is no doubt but that George Hearst is willing and anxious to succeed himself, and that he will strain every nerve and put much money into the fight in order to do it. Now, Hearst has not been a credit to this State as Senator, and particularly has he not been a friend to the people of this valley, nor is he entitled to any approval or reward at their hands. In fact, his action upon the hydraulic mining question was such as should be severely rebuked by the voters. The most effectual way to do that is to vote for the Republican candidates for legislative positions." The Democrats are exerting themselves to carry the Legislature. Let the Republicans see to it that the esteemed enemy fall down on themselves in the attempt.

MR. W. C. HENDRICKS, the Democratic nominee for Secretary of State, is in Los Angeles, looking after the condition of his political fences. He is a man of character, capacity and experience in public affairs, has been a member of the State Senate, is actively interested in the subject of public charities, and is a gentleman worthy of public confidence. The TIMES has no hesitation in saying that he deserves to be elected Secretary of State over his Republican opponent, Walter S. Moore, to whom we have heretofore stated our objections specifically, without disproof or denial of any sort. This is the logical outcome of our position touching the Republican nomination and the Republican blunder, and we shall stand by that position to the end, abiding the consequences, whatever they may be. We have no fear of the result to us. THE TIMES is uncompromisingly Republican, but it bends not to the party lash. The whipping-in business is played out.

GEORGE STEELE, the sterling man and Republican, is again a candidate for the State Senate in the San Luis Obispo district. He is the man who was once thrown out of his seat by the Democrats to let in J. Marion Brooks—an act of political perfidy that speedily reacted upon the Democratic party and sent Mr. Steele back to the Senate. He will go there again.

A Good Burglar Catcher.

EL MONTE, Oct. 24.—[To the Editor of THE TIMES.] On the 15th day of this month two burglars, J. Brown and C. White, were arrested by Constable Borden for breaking into the house of W. C. Pollard. They were brought before Judge Wilson, Justice of the Peace, waived examination and were committed to jail on the 22d, and by a habeas corpus were brought before Judge Cheney in Los Angeles, and through a slight technicality were discharged. They were immediately rearrested on a warrant by Mr. Borden, and again brought before Judge Wilson, who, after an examination, remitted them to jail on the 23d. Mr. Borden, by his untiring and ceaseless energy in this case, has proved himself the right man in the right place. L.

Not Exactly a Fair Comparison.

LOS ANGELES, Oct. 25.—[To the Editor of THE TIMES.] In the statement in yesterday's TIMES relative to Recorder's fees, no mention is made of the length of the term of each of the Recorders mentioned. It is due to Messrs. Lamb and Miles to say that Mr. Lamb's administration was for two years and nine months, Mr. Miles's for a little over two years and nine months, and my own for a little less than a year. As some of the expenses are nearly stationary, you will see that the length of the term of each officer is a necessary factor in such a comparison. Will you kindly call attention to that point? FRANK A. GIBSON.

Our Able Fair.

[As a DEMO Sun. Oct. 24.]

A visitor to the Sixth District Fair, held at Los Angeles last week, remarked in our presence yesterday that San Diego would have excelled the display of agricultural products there, if the premiums had been but not more than $100 expense. The last season being unfavorable and expecting no competition, the exhibit was miserable in quality and the quantity did not equal that contained in Armory Hall a few weeks since. It is hinted that another year strong efforts will be made to have the Sixth District Fair held at San Diego, when other counties will compete with us and make matters lively.

Not For Joseph.

[San Diego Sun.]

It seems that Joe Lynch is having a hard row to hoe in his Congressional candidacy. The San Bernardino Index says of him: "It is pretty cheeky of the Courier to claim that Joe Lynch, Democratic candidate for Congress, is a friend of San Bernardino county. It is a notorious fact that the paper owned by Lynch has bitterly fought all sections of Southern California, outside of Los Angeles county. His abuse of San Diego will cost him at least 300 Democratic votes in that county. But Joe Lynch is nothing if not abusive. Southern California has no use for him in Congress.

San Diego the Hopeful.

[San, Oct. 24.]

An announcement that harmonizes with previous declarations of the Sun regarding railroad extensions by the Southern Pacific is that made by Vice-President Crocker, who says that it is the company's intention to "honeycomb the State" with branches from the main lines. If San Diego doesn't get her share it will be because the road managers have lost their cunning.

Its "Good Will."

[San Bernardino Index.]

Aunty Holt, of the Riverside Press, says he wants to sell his business if he can get what his "good will" is worth. Being a little reckless just now we will offer five cents for it.

Another Distinguished "Germanist."

W. W. Foote, candidate for Railroad Commissioner, expressed the belief that it required nothing but a paste pot and a stub pen to edit a newspaper.

There are 4287 names on the Great Register of Stanislaus county.

NEWS FROM PASADENA AND THE FOOTHILLS.

Gen. O. O. Howard addressed a meeting at Pasadena a few days ago.

John Brown, Jr., is stumping Kansas in the interest of Prohibition.

Y. M. C. A. EXCURSION TO PASADENA—A DEMOCRATIC RALLY.

PASADENA, Oct. 23.—[Correspondence of THE TIMES.] Since my last we have had an outdoor rally here, at which Patton, Smith, Breed and other Democratic candidates on the county ticket spoke. On the 28th another rally will be held in Williams's Hall, when the distinguished speakers from Los Angeles and elsewhere will be present. The first prox. a visit from the Y. M. C. At last Thursday's meeting of the W. C. T. U. here, Mrs. Hoffman, daughter of John Brown of Ossawatomie, and addressed the meeting. She related an incident to show the influence her father once read a temperance sermon delivered by Dr. Lyman Beecher, father of Henry Ward Beecher. She professed him that two years after the reading of his whisky barrel and all its contents into the street, and that he never used liquor or allowed it to be used in his wards.

There is a movement on foot among the teachers here to invite Miss Frances E. Willard, the distinguished temperance lecturer, to take a course of lectures before the Chautauqua, and Mrs. Straight, who is now visiting us here, were conditions of Prof. Boyle's health permitting the Quincy method of instruction.

The Sons of Veterans gave a social and entertainment to-night in honor and memoration of their organization.

Capt. Wakeley has decided to withdraw from the management of the Pasadena Lumber Company's business, and on the 1st prox., in order to give his entire attention to private matters. Mr. Bowen will be taken by Mr. Reed, present bookkeeper for the firm.

Preparations are being made for organizing a Pasadena branch of the Christian Temperance Union, auxiliary of the W. C. T. U.

THE Y. M. C. A. EXCURSION TO PASADENA, ETC.

PASADENA, Oct. 25.—[Correspondence of THE TIMES.] There was a large delegation of Young Men's Christian Association gymnasts from the Y. M. C. A. building, Los Angeles, and the whole affair has been one of great success. The unexpected arrival of the excursionists near by 200 persons were met by a large reception committee and escorted to camp, where they were met by a large reception committee and escorted to camp, where they were met by the citizens and farmers of the surrounding valley. At noon a fine collation was served to a large crowd on the beautiful grounds of Prof. and Mrs. Boyle, after which some grounds of Prof. and Mrs. Boyle, after which developed by speaking, singing, and short addresses. Gen. Howard was present, and after a long time shaking hands with old friends made a short address, as did Dr. Rowland, Rev. P. J. Calver, Rev. Mr. Thompson, Dr. Cary, H. Mc-Donald, Rev. Mr. Lowe, Rev. Mr. Lee and Prof. Arbuckle gave concise and interesting talks on his best style.

A rebate of $15 on railroad fare is returned to the excursionists, who will use them voted to the Y. M. C. A. building fund of this city, and a handsome sum will be realized from the sale of the camp outfit, auctioned off for the benefit of the association.

The association of this year's excursion numbers 137 members.

A dastardly attempt to wreck last night's passenger train from Los Angeles, on the San Gabriel Valley road, was made by some unknown party or parties. A large iron bar was found fastened a the switch near the main track, but luckily the train was not moving fast when it was struck, and suffered little or no damage from the collision.

BUILDING IMPROVEMENT AT BEAUMONT.

BEAUMONT, Oct. 23.—[Correspondence of THE TIMES.] Since my last we have made a number of improvements of interest to our citizens. Among those visited by your correspondent are the Lots and acres as well as the residences belonging to those who are settling on our lands in this beautiful colony. We are also pleased to note a good class of new comers, and the arrival of the first of the Eastern excursionists from the East.

A. Strong, of Kansas, has commenced building.

Dr. Root of the Kansas colony is also putting up a neat and commodious dwelling.

R. D. List will soon commence his new house.

The Southern California Improvement Company have erected a fine residence near the depot.

Postmaster Egan has had the postoffice handsomely painted, and the edifice quite ornamental.

F. H. Lowell, the efficient superintendent of the Investment Company, and one of the busiest men in our town, is the most industrious duties keeps him constantly moving, and by his affable manner and prompt business and courtesy to his many patrons and those with whom he transacts business. The bright, genial mountain water is being piped here in the midst, the necessary piping being rapidly put down.

The Beaumont boarding house will be completed next week.

The new lumber yard opened recently is a great convenience. Next week we get a mail and postoffice here. We are pleased and proud of the progress these conveniences and improvements are coming in, but, like Oliver Twist, we cry for "more."

The new hotel to cost $30,000 is being rapidly pushed forward.

A Cold Audience.

[San, Democratic paper Oct. 24.]

Leach's Opera House was well filled last night, on the occasion of the Democratic rally. The City Guard Band was on hand and played in a manner that demonstrated constant attendance.

As Mr. Lynch, the Democratic candidate for Congress, came down the middle aisle of the hall some enthusiastic admirer proposed three cheers in honor of him, but the proposition was a total failure. Even the said admirer only assisted in getting out one "whoop," and finding he was alone in his demonstration, suddenly and silently resumed his seat amid the laughter of the audience. He was evidently satisfied that three cheering time had not yet arrived.

SUSPENDED.

John L. Fonck Speaks His Mind Too Freely to Suit the Chief.

Officer John L. Fonck, the oldest policeman on the force in point of service, was suspended Sunday evening for using "improper language in the police office."

The exact language which Mr. Fonck used, he says, was to admit that certain charges made against Chief of Police Davis, of compounding with the white faro players and the Chinese tan games for a stated sum which he received monthly, were true.

Mr. Fonck asserts, and says that he knows it to be true, that the Chief of Police has connived with the gamblers ever since he went into office, and that he receives, directly or indirectly, about $200 a month from the faro dealers and about $135 a month from the tan games. There are six faro games in nightly operation in the city, he says—one over Adam's tailor shop on Spring street, one over Bob Eckert's saloon, one at 12½ Commercial street, one conducted by ex-Chief of Police Cuddy in Rose block, one run by Teed in Mc-Ginnis's saloon and one in Wilcox block, Spring street. There are six tan games in Negro alley under the general control of Chung Wo. Although members of the police force have repeatedly offered to pull these games, Mr. Fonck asserts that they have been restrained on one pretext and another by the Chief, until it has become apparent that he does not propose to interfere with them. If it be treason to divulge these things Mr. Fonck would like to have the Police Commissioners make the most of it. The question is whether a policeman is to be driven off the force for desiring to do his duty, and for speaking out against such a glaring perversion of the functions of a Chief of Police.

Vigorous Movement to Provide a Building.

An enthusiastic parlor conference in the interests of the young men of Los Angeles was held last evening at the house of Mr. and Mrs. Dodsworth, corner of Sixth and Main streets, the parlors and hall being beautifully decorated with flowers for the occasion. A large number of the representative business men of the city were present among whom were Lyman Stewart, H. W. Mills, L. Bixby, A. E. Pomeroy, M. G. McKoon and J. C. Byram. Gen. O. O. Howard of San Francisco, Major J. Hardie of Selma, Ala., and H. J. Mc-Coy of San Francisco were also present. After remarks by several gentlemen present on the importance of a definite work for young men, and the necessity of a suitably arranged building as an aid to this work, an opportunity was given for subscriptions toward a permanent home for the Association in our city. Responses came quickly, and in a few moments $6000 was subscribed, two of the gentlemen engaging to double their subscriptions provided the total amount reached should be $50,000. A vote was taken, and it was resolved that the property to be purchased should be that situated on Second, just west of Fort street. A building committee consisting of Lyman Stewart, M. G. McKoon, H. W. Mills, Charles E. Day and L. F. Gay, was appointed to begin an active canvass of the city for this fund. Another conference will be held on Friday evening, at which time it is expected the subscriptions will be increased to a considerable sum. At the close Mr. and Mrs. Dodsworth invited their guests to the supper room, where choice refreshments were served, and an hour was spent in social converse.

A Large Land Sale.

Byram, Francisco & Casterline have effected the sale of 700 acres of the Grant tract, adjoining the city on the north, to a syndicate of well-known Los Angeles capitalists. The projected dummy railroad to the ostrich farm will run through it, and it is intended to subdivide and place it upon the market at an early day.

Went Crazy.

Sunday afternoon Officer Fletcher was called to 312 East Fourth street to attend to a man named Henry Lang, who had suddenly gone crazy. Lang was so violent that he was strapped to prevent him doing any harm, but it took the united strength of four men to tie him up.

Light on a Dark Subject.

The police having "boycotted" the town women off Buena Vista street, will now try the efficacy of electric light and watchfulness on New High street. The electric light mast yesterday was ordered transferred from Buena Vista to New High street.

Our Zeke.

An advertisement in the San Francisco papers last week announced that 'Major Z. T. Casson, of Tennessee, would speak in the Wigwam Saturday night." Can this be "Our Zeke," the alleged lawyer, who "flashed in the pan" here a year or two ago?

CONFERENCE OF CHARITIES.

What Some Benevolent People Wish to Talk About.

THE TIMES is in receipt of a circular setting forth that a committee has been appointed to inaugurate a "Pacific Coast Annual Conference of Charities," to be composed of persons throughout the Pacific coast interested in charities and reform, one of whom is W. C. Hendricks of Butte, Democratic nominee for Secretary of State. The conference will be held in San Francisco, at Union Square Hall, 421 Post street, commencing Tuesday evening, December 7th, and continuing through the 8th, 9th and 10th.

The purpose of the conference will be to obtain and diffuse light relative to benevolent, charitable, prison and reformatory work of every description; and to discuss all means devised for ameliorating the condition of the dependent, defective and delinquent classes of the community.

There will be presented for discussion at the conference papers on: "The Protection, Training and Reformation of Children and Youth;" "Prison Management and Reform;" "The Education of the Blind, the Deaf and Dumb and Feeble-minded;" "The Prevention and Cure of Pauperism;" "The Management of Workhouses, Almshouses and All Other Forms of Charitable Enterprise;" "The Care and Cure of the Insane," and other kindred topics. Special attention will be given to the subject of "Charity Organization in Cities," which has so effectually stopped the overlapping of relief in Eastern communities, and for which so great a need exists on this coast.

Papers on all topics germane to objects of the meeting are invited.

All who are interested in the great cause of charity throughout the Pacific Coast are invited to attend the conference.

Those who expect to be present are requested to notify Mrs. J. S. Spear, Jr., Secretary of the committee, 1511 Geary street, San Francisco.

WENT A-GUNNING.

An Arbitrary Way of Settling a Gold Clean-up.

F. D. Frazier, a miner near Kent station, and James O'Reilly, who runs a smelting mill there, got into a dispute over the settlement on a clean-up Sunday morning and O'Reilly attempted to right the matter with a shotgun. Both men came to Los Angeles afterwards, and Frazier had O'Reilly arrested and taken before Justice Austin, by whom he was held for trial. Immediately after getting out of court O'Reilly boarded the train and went back to Kent, where he got out his shotgun and went for his antagonist anew. This time he shot one of Frazier's ears off. The man of bloody propensities was re-arrested, brought in on a freight train and locked up.

What Has Done It!

What has caused the rapid increase in value of Pico street property? Every one will answer the Electric Railway, and they are right. If so, then the safe place to invest money is on that line. The South Side lots of the Electric Railway Homestead Association are on Pico street, south side.

No Bridges to Cross, No Great Hills to Climb.

The swollen waters of the river cannot keep you from business, the hills reaching to the skies cannot bar your way towards home, should you buy a lot in the Howes tract. Read the long list of names of our shrewdest citizens who understand these points, and pay $190 for lots that are in the direct line of the city's progress.

A Word

To buyers: The lots of the South Side tract are on the Pico Motor Railway, as are all the lots of the Electric Railway Homestead Association. We don't speak of a street railway as passing our lots when it comes no nearer than a half mile, and, before buying elsewhere, it would be well to see if all statements about street cars are true.

The Difference.

The Electric Railway Homestead Association don't advertise a street-car line as passing their lots when it is a half-mile away at the nearest point. The South Side lots are on the line of Pico Motor Railway, now built.

Look to the Future.

Property on the southwest daily grows in value, for Los Angeles pursues its rapid way in that quarter. Should you buy back-lots, up ravines, or where the little streets can never be thoroughfares, you pay to-day as much as they would be worth a score of years from now. Look to it and compare these out-of-the-world places of exile with the broad avenues and beautiful homestead locations in the Howes tract.

The Frontage.

Parties buying lots should look to the frontage of the tracts. There may be only five lots fronting on a favorite street and three hundred lots back; the Lord knows where, and and which the five lots are expected to sell! How different in the Howes tract, with its splendid line of lots on Jefferson street, fronting two thousand two hundred feet.

COUNCIL.

SHALL THE STREETS BE LIGHTED WITH GAS?

The Fire Engine, Levee and Bridge Questions Discussed—First Apportionment of the Bond Money—The Mission—Macy Street Levee to be Built.

The City Council met in regular session yesterday at 2 p.m. Present: President Sinsabaugh and Councilmen Frankenfield, Kuhrts, Breed, Perry, Jones, Willard, Goss, Holbrook, Velsir and Stearns.

The Clerk read the minutes of the last meeting, which were adopted.

The regular weekly reports of the different city officials were read.

Street Superintendent Pike reported $758 paid for work the past week.

City Zanjero Dalton asked for warrants for $140 for work done on zanjas.

The City Board of Education submitted its monthly report for September. Receipts, $41,184.59; expenditures, $14,379.33; balance, $26,805.26. Referred to the Committee on Finance.

Deed of Jean Sentous, O. A. Vickery and John H. Shaw to the city of Los Angeles. Referred to the Board of Public Works and City Attorney.

City Attorney presented ordinance granting an extension of time to the Temple street railroad for grading. Mr. Kuhrts moved that time for the completion of the road to the western boundary of the city, be fixed at two years from the date of the approval of the ordinance. Carried.

The contract of the city with the Henry McShane Company of Baltimore, Md., for the purchase of a fire bell was read and adopted. Until December 15th was allowed to deliver the bell to Los Angeles. The Fire Commissioners were ordered to select a suitable inscription for the bell.

The City Attorney reported his non-approval of the bond of W. E. Rogers to lay water pipes in the streets. The bond was ordered returned to the maker for correction.

The regularizing monthly salary bills of the city officials were read and ordered paid.

THE BOARD OF PUBLIC WORKS recommended that a storm water drain be put at the corner of Main and Arcadia streets. So ordered.

The Second-street cable road company offered to contribute $250 towards the construction of a storm water drain on Second street, provided that the work is ordered to be done at this meeting, also provided that there work be commenced without unnecessary delay. Mr. Kuhrts moved that the improvement be made only in front of the city property.

Mr. Perry moved that the street superintendent put in a gutter across Olive street on Second, and notify property owners to repair streets.

S. B. Caswell was given permission to have the south patent boundary of the city declared to locate a road thereon.

J. W. Browning and others were allowed to grade certain streets on Boyle Heights in accordance with petition.

It was ordered that the street superintendent procure the blue gum trees to plant on the approaches to the First street bridge.

It was ordered that a rail be built on each side of the First street "fill."

THE LEVEE.

The question of donating $6000 to assist in building a levee between Mission and Macy streets was discussed. Mr. Goss said the Los Angeles and San Gabriel Valley railroad would do nothing more.

Mr. Eaton, City Surveyor, said that the most dangerous point in the river was the point between Mission and Macy streets. The river-bed has filled up, and another flood, with the new levees, will overflow at this point and come down to the old depot and thence down Alameda street, across First to Los Angeles, and down to Washington street, thence across the Cienega to La Ballona, which the topography of the country shows was the ancient bed of the river. Washington Gardens is thirty-three feet below the present river-bed.

President Sinsabaugh thought that $6000 is a very small sum for so great a protection. The next flood will surely follow its old channel, now that it is lower than the present bed.

Mr. Velsir said that if the old Council had put down piling and lumber instead of a levee of sand and willow brush, the lives of human beings would not have been lost last February. The cost to the city is all the same whether it comes from its treasury or direct from the pockets; the latter should had better pay it from their taxes than give it for charity's sake. The people have to pay it after all, for, when a flood comes, the people go down in their pockets and help those flooded out. Better pay it how; that is the best kind of charity. [Applause in the lobby.] When the sand levee was put in they supposed there would be no flood for ten years, but they lost $8000.

Mr. Kuhrts said that Beaudry is building a levee on the opposite side of the river, which will deflect the current back on this side. The damages caused the city by the river since 1879 have been over $23,000.

President Sinsabaugh suggested that the building of a levee would cause property in that locality to appreciate, and the city would get it back in taxes.

Mr. Frankenfield contended that piling is an experiment and asked Mr. Eaton if he believed the levee of the L. A. & S. G. V. R. R. would stand.

Mr. Eaton replied that it would not if struck by the main current.

Mr. Velsir said he had greater faith in the L. A. & S. G. V. R. R. levee, although the piles are not deep enough.

Mr. Jones voted for the last appropriation of $6000 under a misapprehension. He inquired of the City Surveyor if there is another point in the river which is very dangerous, as there are two and a half miles more of river front unprotected.

Mr. Eaton said there is no tendency of the river to leave the bed below First street.

The question was then put and unanimously carried.

MISCELLANEOUS BUSINESS.

H. C. Whitmer was given permission to cut down trees on Fort street to make room for business block.

The City Attorney was ordered to draft a contract with James Prake to construct the storm-waters drains on Second street.

The Committee on Bridges recommend that the City Surveyor be instructed to make a survey and present an estimate to the Council for a wooden bridge across Daly street, as early as possible. Adopted.

The Sewer Committee recommended that the Clerk advertise for pipe for sewers according to specifications in the City Surveyor's office.

The Zanja Committee reported that S. Milliken be notified to put zanja 8-R in good order. So ordered.

The Building Committee recommended that the bill of W. W. Wilson be taken under consideration of the Committee of the Whole; also the decision of the architects on the settling of the east wall of the city hall. The matter was referred back to the Building Committee.

The Gas Committee recommended that the clerk be instructed to advertise for bids for street lighting for the ensuing year, or for two years, and the bidding to be open for either gas or electric light companies for thirty days. Adopted.

President Sinsabaugh moved (Mr. Perry in the chair) that the electric light mast on Buena Vista street be moved over on to New High street. Carried.

FIRE ENGINES.

The Committee on Fire and Water recommended that the report of the committee handed in at the last meeting of the Council be rejected, and that all bids for steam fire engines be rejected, and that the clerk of the Council advertise for new bids for one week, and that the bids now in the hands of the clerk be held until that time.

This brought on a long discussion on the fire engine question.

Mr. Breed moved to postpone one week. The vote stood: Ayes, 5; noes, 7.

A motion by Mr. Breed to adjourn was then voted down.

Mr. Holbrook moved that the report of the Fire Commissioners be adopted.

Mr. Jones moved to amend Mr. Holbrook's motion by adopting the report of last week.

Mr. Holton, agent of the Amoskeag engine, offered to guarantee that his engine could turn cold water into steam as quick as any other engine.

A spirited discussion was had over the fire engine question, which was finally decided by rejecting all bids, and calling for new bids, to be handed in within four weeks.

THE APPORTIONMENT.

The Finance Committee reported the sale of $108,450 of general improvement bonds to James D. Phelan, and that, by the ordinance, the proceeds are apportioned to the General Improvement Bond Fund. The committee recommended that of the principal there be apportioned to the city hall fund, $45,000; irrigation system fund, $55,000; street and bridge improvement, $20,000; total, $100,000; and that the premium, $8,850, be apportioned to the city hall fund.

Bids were then opened for building the Buena Vista street bridge as follows: Groton Bridge Co., $10,500; San Francisco Bridge Co., 19,780; California Bridge Co., $24,000; King Bridge Co., $28,200. Referred to the Bridge Committee.

COUNCIL.

SHALL THE STREETS BE LIGHTED WITH GAS?

The Fire Engine, Levee and Bridge Questions Discussed—First Apportionment of the Bond Money—The Mission—Macy Street Levee to be Built.

The City Council met in regular session yesterday at 2 p.m. Present: President Sinsabaugh and Councilmen Frankenfield, Kuhrts, Breed, Perry, Jones, Willard, Goss, Holbrook, Velsir and Stearns.

The Clerk read the minutes of the last meeting, which were adopted.

The regular weekly reports of the different city officials were read.

Street Superintendent Pike reported $758 paid for work the past week.

City Zanjero Dalton asked for warrants for $140 for work done on zanjas.

The City Board of Education submitted its monthly report for September. Receipts, $41,184.59; expenditures, $14,379.33; balance, $26,805.39. Referred to the Committee on Finance.

Deed of Jean Semous, G. A. Vickery and John H. Shaw to the city of Los Angeles. Referred to the Board of Public Works and City Attorney.

City Attorney presented ordinance granting an extension of time to the Temple street railroad for grading. Mr. Kuhrts moved that time for the completion of the road to the western boundary of the city, be fixed at two years from the date of the approval of the ordinance. Carried.

The contract of the city with the Henry McShane Company of Baltimore, Md., for the purchase of a fire bell was read and adopted. Until December 15th was allowed to deliver the bell to Los Angeles. The Fire Commissioners were ordered to select a suitable inscription for the bell.

The City Attorney reported his non-approval of the bond of W. E. Rogers to lay water pipes in the streets. The bond was ordered returned to the maker for correction.

The regularlar monthly salary bills of the city officials were read and ordered paid.

THE BOARD OF PUBLIC WORKS' recommended that a storm water drain be put at the corner of Main and Arcadia streets. So ordered.

The Second-street cable road company offered to contribute $250 towards the construction of a storm water drain on Second street, provided that the work is ordered to be done at this meeting, and also provided that the work be commenced without unnecessary delay. Mr. Kuhrts moved that the improvement be made only in front of the city property.

Mr. Perry moved that the street superintendent put in a gutter across Olive street on Second, and notify property owners to repair streets.

S. B. Caswell was given permission to have the south patent boundary of the city defined to locate a road thereon.

J. W. Browning and others were allowed to grade certain streets on Boyle Heights in accordance with petition.

It was ordered that the street superintendent procure the blue gum trees to plant on the approaches to the First street bridge.

It was ordered that a rail be built on each side of the First street "fill."

THE LEVEE.

The question of donating $6000 to assist in building a levee between Mission and Macy streets was discussed. Mr. Goss said the Los Angeles and San Gabriel Valley railroad would do nothing more.

Mr. Eaton, City Surveyor, said that the most dangerous point in the river was the point between Mission and Macy streets. The river-bed has filled up, and another flood, with the new levees, will overflow at this point and come down to the old depot and thence down Alameda street, across First to Los Angeles, and down to Washington street, thence across the Cienega to La Ballona, which the topography of the country shows was the ancient bed of the river. Washington Gardens is thirty-three feet below the present river-bed.

President Sinsabaugh thought that $6000 is a very small sum for so great a protection. The next flood will surely follow its old channel, now that it is lower than the present bed.

Mr. Velsir said that if the old Council had put down piling and lumber instead of a levee of sand and willow brush, the lives of human beings would not have been lost last February. The cost to the city is all the same whether it comes from its treasury or direct from the citizens' pockets; the latter had better pay it from their taxes than give it for charity's sake. The people have to pay it after all, for, when a flood comes, the people go down in their pockets and help those flooded out. Better pay it how; that's the best kind of charity. [Applause in the lobby.] When the sand levee was put in they supposed there would be no flood for ten years, but then 'tis $6000.

Mr. Kuhrts said that Beaudry is building a levee on the opposite side of the river, which will deflect the current back on this side. The damages caused the city by the river since 1879 have been over $25,000.

President Sinsabaugh suggested that the building of a levee would cause property in that locality to appreciate, and the city would get it back in taxes.

Mr. Frankenfield contended that piling is an experiment and asked Mr. Eaton if he believed the levee of the L. A. & S. G. V. R. R. would stand.

Mr. Eaton replied that it would not if struck by the main current.

Mr. Velsir said he had greater faith in the L. A. & S. G. V. R. R. levee, although its piles are not deep enough.

Mr. Jones voted for the last appropriation of $6000 under a misapprehension. He inquired of the City Surveyor if there is another point in the river which is very dangerous, as there are two and a half miles more of river front unprotected.

Mr. Eaton said there is no tendency of the river to leave the bed below First street.

The question was then put and unanimously carried.

MISCELLANEOUS BUSINESS.

H. C. Whitmer was given permission to cut down trees on Fort street to make room for business block.

The City Attorney was ordered to draft a contract with James Prake to construct the storm-waters drains on Second street.

The Committee on Bridges recommend that the City Surveyor be instructed to make a survey and present an estimate to the Council for a wooden bridge across Daly street, as early as possible. Adopted.

The Sewer Committee recommended that the Clerk advertise for pipe for sewers according to specifications in the City Surveyor's office.

The Zanja Committee reported that S. Milliken be notified to put zanja 8-R in good order. So ordered.

The Building Committee recommended that the bill of W. W. Wilson be taken under consideration of the Committee of the Whole; also the decision of the architects on the settling of the east wall of the city hall. The matter was referred back to the Building Committee.

The Gas Committee recommended that the clerk be instructed to advertise for bids for street lighting for the ensuing year, or for two years, and the bidding to be open for either gas or electric light companies for thirty days. Adopted.

President Sinsabaugh moved (Mr. Perry in the chair) that the electric light mast on Buena Vista street be moved over on to New High street. Carried.

FIRE ENGINES.

The Committee on Fire and Water recommended that the report of the committee handed in at the last meeting of the Council be rejected, and that all bids for steam fire engines be rejected, and that the clerk of the Council advertise for new bids for one week, and that the bids now in the hands of the clerk be held until that time.

This led to a long discussion on the fire engine question.

Mr. Breed moved to postpone one week. The vote stood: Ayes, 3; noes, 7.

A motion by Mr. Breed to adjourn was then voted down.

Mr. Holbrook moved that the report of the Fire Commissioners be adopted.

Mr. Jones moved to amend Mr. Holbrook's motion by adopting the report of last week.

Mr. Holton, agent of the Amoskeag engine, offered to guarantee that his engine could turn cold water into steam as quick as any other engine.

A spirited discussion was had over the fire engine question, which was finally decided by rejecting all bids and calling for new bids, to be handed in within four weeks.

THE APPORTIONMENT.

The Finance Committee reported the sale of $108,450 of general improvement bonds to James D. Phelan, and that, by the ordinance, the proceeds are apportioned to the General Improvement Bond Fund. The committee recommended that of the principal there be apportioned to the city hall fund, $45,000; irrigation system fund, $35,000; street and sidge improvement, $20,000; total, $100,000; and that the premium, $6,850, be apportioned to the city hall fund.

Bids were then opened for building the Buena Vista street bridge as follows: Groton Bridge Co., $10,500; San Francisco Bridge Co., 10,780; California Bridge Co., $24,000; King Bridge Co., $28,300. Referred to the Bridge Committee.

500 Lots with 40 Handsome Residences and Hotel Property.

HOUSES VALUED AT FROM $600 TO $

Price of Lots Only $390 Each. First Payment, $ Down. Each Succeeding Payment $ Monthly, Without Interest.

ONE HOUSE with each twelve lots. No c for houses. Location high and commanding charming and beautiful. The air pure and healthful; water pure and abundant. Drainage perfect. A splendid opportunity to secure valuable property at the trifling price of $390 per lot, payable in monthly installments of $15 each, and each succeeding payment $15 monthly, without interest. Forty houses without extra charge. Every purchaser will have a fair and equal chance to obtain one or more of the lots. In some residences, according as he or she may be the owner of one or more lots, the purchaser being entitled to a choice and separate choice for every lot he or she may buy, he or she may choose every time his name is called the most valuable piece of property unrecorded up to the time his name is so called.

The entire tract is beautifully situated, and as the rapid growth of the city is tending rapidly eastward, it is destined to become in the near future the finest residence portion in the county of Los Angeles. The whole of these lots will undoubtedly double in value, and those living on Pasadena ave. and all streets radiating therefrom will beyond question command a high figure, as the lots themselves are a first-class investment at the prices quoted—$390 each—not to speak of the splendid advantages offered to obtain one or more of the valuable residence lots. The title is perfect. The titles are deposited in the hands of Rogers, Booth & Co.

Purchases of these lots are being made by residents of the adjoining towns, San Francisco, Boston, Chicago and many of the points East, a large number already having been disposed of. Quite a large proportion of the purchasers are ladies, and we especially invite ladies who wish to know more about this property to call upon us.

If you want to secure a good investment at a very moderate cost, do not hesitate, but secure one or more of these valuable lots at once.

Lots can be purchased, and maps, circulars and all information may be had by application to

BARTLETT.

THE DEMOCRATIC MOGUL AT TURNVEREIN HALL.

Bourbonism Pure and Simple as Retailed by the Head of the Ticket and the Honorable Pat Reddy—The Republican Party and Platform Chopped into Mince-Meat.

Turnverein Hall was crowded "pit and dome" last evening, to listen to the words of wisdom propounded by Washington Bartlett, the Democratic nominee for Governor. The crowd waited very impatiently until 8 o'clock, when the trouble began. W. R. Burke called the meeting to order and announced Hon. R. F. Del Valle as chairman and Gen. J. R. Matthews as secretary.

Senator Del Valle bestowed some soft Castilian compliments on the speakers of the evening, after which the secretary read a long list of vice presidents.

'Lige Workman, one of the honorary officers, made his appearance on the stage, not according to the preconceived plan, and announced, "You may all put me down, but you can't keep me there. I'm a regular old-line Democrat." 'Lige was promptly yanked off the stage by a friend.

The chairman then introduced "the future Governor," who was received with enthusiastic and redoubled applause.

Mr. Bartlett, in commencing, gracefully waived the enthusiasm, which he encountered, as any personal compliment tendered him, and shifted it to the cause of the g. o. p. He next complimented the city on its progress and business enterprise. His remark that Los Angeles now contests with San Francisco for the position of the first city in the State elicited some applause.

Mr. Bartlett then proceeded to read a written speech. He devoted his first argument to answering some charges with reference to his (Bartlett's) action as a member of the San Francisco City Hall Commission. He next dwelt upon the subject of water and its importance in the industrial development of the State, and recommended sagely that good men be sent to the Legislature to pass laws on the subject. From water, as a good Bourbon Democrat, Mr. Bartlett next drifted into wine. (No good Democrat can dwell on water very long). He announced himself as one of the promoters of the anti-bogus wine bill in Congress, having written a and telegraphed in its behalf. He took ground against the Heath amendment, declaring the proposed tax on railroad incomes the worst kind of discrimination. Two and a half per cent. on income he thought disproportioned to the taxes now levied on real estate, which amount, on the average, to 10 or 15 per cent. on the revenue.

Col. Creed Haymond had charged Mr. Bartlett with being inimical to the public school interests of the State, and this called forth a chestnut-grove, in general terms, on public education. He called attention the fact that no State provision is made for instruction in mechanics. If a boy wishes to study agriculture, mining or mechanics, he must go elsewhere. Foreign countries and the leading cities of the East are devoting much attention to technical education and this example is worthy of imitation in California. Our schools are notoriously deficient in preparing pupils for the active affairs of life. The speaker announced himself as disposed to increase the efficiency of the public schools. He would have them prepare their pupils for industrial usefulness. Let the public schools train the boys and girls to use their hands as well as their brains.

Mr. Estee had objected to the speaker as being too honest—too penurious. If this was a fault it was a rare one, especially in Republican officials. The attempt to hold him responsible for the unfinished condition of the city hall is not valid, as it is well known that funds for this purpose could not be appropriated from the general fund. For the bad condition of the streets in San Francisco, Mr. Bartlett disclaimed responsibility, and shifted it upon the shoulders of the Republican members of the Board of Supervisors.

In conclusion, Mr. Bartlett referred to the importance of the coming contest in its bearing on national politics, and declared his belief that the Democratic State ticket will be elected.

HON. PAT. REDDY

was next introduced, and was as heartily received as the "magnetic" Bartlett.

Mr. Reddy also got in a little work on "the next Governor" racket, and rolled it like a sweet morsel under his tongue.

Four years ago there was a great struggle between the Republican and Democratic parties in this State, both claiming to be against the encroachment of monopoly. Two years had hardly elapsed after that great struggle until the Republican party sent the president of the Southern Pacific Railroad Company to the Senate of the United States. At the late State election the Republican party put not one word in its platform against monopolies. The Republican party was given over, body and soul, to corporation influence.

The Republican party is full of honied words for labor. The difference between the Republican and Democratic platforms is this: The one says the laborer shall be honored; the other says he shall be paid. The Republican party is always ready to honor the laborer about election time. The Republican party has been engaged in building up a power which is inimical to labor. Year after year the great money power has been reducing the price of labor until now it is just possible for the laborer to live. Has any law been passed which prevents the importation of cheap labor—Chinese and other foreign elements—to break down the price?

If cheap manufactured goods were imported to the United States instead of cheap labor, what a howl would arise from the Republican party!

If the interest in the modification of the Chinese treaty had been a little greater on the part of a Republican government, it would never have sent John F. Swift to China to negotiate about the matter. A man who can be beaten in diplomacy by a Chinaman is not fit to be Governor of this State. The declaration of principles set forth in the Republican platform on the Chinese question is directly opposed by John F. Swift himself, for he tells the people that if the Chinese are driven out immediately, general bankruptcy will follow. The Chinese are coming, despite the Swift improvement of the Burlingame treaty. They come across the line of Mexico; they come around the Horn, and they come by write of habeas corpus faster than by either of the other ways. The Democratic party is perfectly sincere in its attitude on both the Chinese and the labor questions, and is therefore the chiefest among ten thousand and the one altogether lovely.

The Republican party had not the courage or the honesty to come forward and take grounds either way on the Heath amendment. According to the Heath amendment, the railroad company is to report periodically the amount of its gross earnings. It is to pay taxes, not on the value of its property, but on the income of that property. You must have skilled men to determine whether the railroad officials put in an honest report, or you must take their word for it. Hence, the Democratic party says that this amendment allows the railroad company to be its own assessor. The speaker illustrated the unfairness of the principle of assessing incomes instead of property valuations. To determine just what the gross earnings are may lead to litigation. The Southern Pacific of California may lease its line to the Southern Pacific of Kentucky, as I believe it has done, for the sum of $3,000,000 a year. This would probably be the sum upon which assessments would have to be made."

The speaker next devoted his attention to the discussion of the irrigation question. Mr. Swift says he feels unable to cope with this problem. All peoples who have lived beneath rainless skies have learned to cultivate the soil by the aid of irrigation. Races that are past and gone understood it. Even in Arizona there is evidences of a vast system of irrigation by former occupants. The Indians understood it, and it is left for California to produce a candidate for Governor who confesses that he don't know as much about irrigation as an Indian.

The time will come, unless there is legislation on this riparian question, when riparian rights will be enforced and many acre farms must be relegated to the condition of a desert. The Democratic party says it will district the State and give local government on this question, and let the people who understand it regulate it for themselves.

The speaker next touched up the silver question. The price of silver has already been reduced so much that it has crippled mining. If the same tendency continues many mines must be shut down entirely, throwing a large number of men upon the labor market to compete with those who are already struggling for an existence

The Democratic party says: "Let the man who has bullion be able to get it coined into dollars whenever he pays for the coinage." A dollar is very valuable to the poor man, and it ought to be plentiful. Mr. Reddy denounced the Republican party in broad terms as endeavoring to stamp out the silver interest.

The speaker then discussed the opposing candidates for Governor, painting Mr. Swift very black and Mr. Bartlett whiter than the driven snow. He ran punfully down the list of other candidates, saying that the Democrats had put up a good man for Secretary of State, and he didn't know why the people should want any Moore. [Great applause.] As to Railroad Commissioner, all must admit that the Democratic candidate is at least a Foot ahead. In the Congressional fight, the old General is a good man, but he'll have to be Lynched.

With this bright ebullition, and a little more of the same sort, the speaker concluded.

A COSTLY FROLIC.

CHARLES FRESEE SHOT DOWN BY A CHINAMAN.

The Saturday-Night Tragedy Near the Western Terminus of the Second-street Cable Road—Inquest on the Remains Yesterday—Verdict of Homicide by an Unknown Hand.

The last outgoing train on the Second street cable road, Saturday night, which left the Spring street terminus about 11 o'clock, carried ten passengers—six on the dummy and four in the car. Among those on the dummy were Charles Fresee, George Hessler and Richard Burke, three laborers in the employ of Mr. Burlingame, the contractor. Burke had been drinking and was frolicsome or worse. There were also two Chinamen, supposed to be employés of the Belmont Hotel. On the way out one of the laborers—presumably Richard Burke—annoyed one of the Chinamen by grabbing his hat. After some words the hat was restored, but on approaching the western terminus Burke again grabbed the Celestial's hat, and both jumped or tumbled off the car together. Burke's companions and the second Chinaman also got off, nearly at the same place. In a moment there were high words and then three shots were heard. Charles Fresee screamed that he was shot, staggered over to the stable near by and fell.

The two Chinamen made good their escape, and as yet have not been apprehended. Fresee, who was shot through the bowels, lingered in great agony until about 7:30 o'clock Sunday morning, when he expired.

An inquest was held on Fresee's remains at Orr & Sutch's undertaking establishment yesterday morning.

Dr. Will Lindley testified: "Examined the bullet wound. It was about three inches above the navel, slightly to the right of the median line. The bullet ranged downward, struck the second lumbar vertebra, fractured its transverse process and pierced the muscles of the back, where a 44-calibre, conical ball was found. I saw the deceased night before last between 12 and 3 o'clock. The man was conscious when I saw him. He suffered great pain and vomited. The pulse was weak and rapid. I did not ask him who shot him and he did not state."

H. A. Barrows, conductor on the Second-street cable road, testified to some of the circumstances of the trip and to the passengers carried.

Gustav Thomas, gripman, testified: "We left the Spring-street terminus for our last trip at 10 minutes to 11 o'clock Saturday night. There were six people in the dummy—two Chinamen and four other men. As we came between Fort and Hill, one of the white men, sitting next to the Chinaman, grasped the Chinaman's hat. The Chinaman got mad and complained to me. Everything was quiet after that until we came about 100 yards of the bridge, on Beaudry street, when the same man stood up and looked at the Chinaman. Just before the bridge the man jumped down and grabbed the Chinaman's hat. The Chinaman went down with him, and both fell on the ground at the same time. I saw one of the other two men jump off and start back. We went up above the switch, when the other Chinaman called us to stop. We let him off and went up to stop at the engine house.

"As soon as we uncoupled the cars, and I was going to turn the switch, I heard two shots in the same direction they got off. About half a minute after that I heard a man hallo and run towards Burlingame's camp. Two other white men got off at the same time the man took the Chinaman's hat. I can't tell the deceased as being one of the party that night. The other two Chinamen were in the car. I think one of the white men was drunk—the same one that took the hat."

George Hessler: "Recognize the deceased. He used to be known as Sailor Jack. He is about 22 or 23 years old. Myself, a man called Dick and deceased were on the car together. One of the men grabbed the Chinaman's hat and jumped off. I heard three shots. At the second fire I heard a man holler that he was shot. I turned around and met this man Fresee. He walked over to the yard and laid down.

Richard Burke related the general circumstances as above, and said:

"I don't know who took the Chinaman's hat off. I had been drinking. There was no trouble with the Chinamen going out. I saw no Chinamen after the shooting. I have no knowledge as to who shot Mr. Fresee. Did not see anyone take the hat off going up. Deceased and I got off together and did not see who did the shooting. I did not see anyone fall down. None of our party carried a pistol."

Aaron Drew, steward of the Belmont, said that himself and wife were in the car; heard only one shot; was sure that the Chinamen in the car had nothing to do with it. These two Chinamen are employed at the college. There are also two Chinamen employed at the hotel. The Belmont Chinamen have not been on duty since the shooting.

Ong (Chinaman): "Work at Mr. Ellis's college. Know the two Chinamen who work at the hotel. Their names are Ah Ching and Ah Tong. Am not certain they were on the car. Did not see them."

The verdict of the jury was death from a pistol ball fired by a party or parties unknown.

Fresee was formerly a sailor, but left his vessel at the time of the recent strike at San Pedro. He was employed by Mr. Burlingame as a carpenter's helper.

Why They Sell.

One hundred and five lots sold in the Howes Tract in five days! Why do they sell, when other lots within a few rods for weary months, with extensive advertisements and by a still more weary public? We will tell you why they sell. Because the price is anti-boom and about one-third of the rate of other property not so well located. The improvements, too, are placed on the tract at once; the lumber goes there; the carpenters make the balmy air whirr with plane and saw; the graders go between the long avenues of orange trees and lay out the streets; the acres of vines decorate the splendid lots, and the whole place, like the office of the Southern California Land Company, is full of vim and life and progress.

CONSUMPTION

And all the various diseases of the

HEAD, THROAT AND CHEST,

Including the Eye, Ear and Heart, specially treated by

M. HILTON WILLIAMS,

M. D., M. C. P. S. O.,

275 North Main st., next the Diamond House, Los Angeles, Cal.

All diseases of the respiratory organs treated by the Aërean system of practice, which enables us to bring the remedies into direct contact with the diseased part. These are in all cases combined with proper constitutional remedies for the liver, stomach, nervous system and blood.

CONSUMPTION.

The earlier symptoms of this disease are a sense of weariness upon little exercise, a disposition to remain passive and idle, a peculiar sensitiveness to the effect of cold, and a shortness of breath upon moving quickly or ascending a hill or stairs, a slight, hacking cough, with or without expectoration. Flying pains throughout the chest or back, or under the shoulder blades. The symptoms are worse toward or during the night; slight fever in the afternoon; cold feet and hands, and, in many cases, blue lividity of the lips and roots of the finger nails.

The more advanced symptoms are wasting of flesh, diarrhœa, chills and fever, night sweats, expectorations of yellow pus from the ulcers or cavities in the lungs, with or without a depression in the chest, increasing weakness, and at last a closing up of the air passages of the lungs, causing strangulation or suffocation of the patient for want of power to expectorate the mucus from the lungs.

Heretofore the treatment of consumption has been very unsatisfactory, alike to both the physicians and their patients; but, luckily, since the discovery of the Aërean system of practice, a few years ago, thousands of cases have been completely cured, where, had it not been for this system of practice, utter failures to combat the evils of the disease would have continued up to the present time. This system is recommended by the highest authorities, both in Europe and America. By this means we are enabled to dissolve the hardened mucus in the lungs, ease the cough, facilitate expectoration, quiet and heal the ulcers and cavities, after all hope of cure by the ordinary method is past.

Persons desiring treatment by this system of practice can use the remedy at home, as well as at our office, and which will cause no inconvenience or hindrance to business whatever.

I have seen so many of these cases cured that I do not consider any case hopeless unless the disease has advanced to the extent that both lungs are seriously involved. The inhalations aid us in dissolving the mucus, and in constricting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at the office for consultation and examination, but if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address
